Why Renvura

Fifteen years of expertise

Every item is chosen by an M.Ed. early-childhood specialist — not by what sells fastest.

Safe, tested materials

Non-toxic finishes and age-right parts, checked against safety standards before listing.

EXPERT INSIGHT

RV

“Choose one skill to nurture this month — depth beats variety.”

A short developmental note accompanies every product. See how it reads on a listing →

RV

EXPERT INSIGHT

Curated by an M.Ed. & ECD Specialist

Between two and three, a child's hands are learning control before words fully arrive. Stacking graded rings trains the pincer grip, sequencing, and the patience that early language leans on.

২-৩ বছর বয়সে হাতের ছোট পেশির নিয়ন্ত্রণ ও ধৈর্য গড়ে তুলতে এই স্ট্যাকারটি আদর্শ।

SUPPORTS THESE MILESTONES

- ✓ Pincer grip & hand control
- ✓ Size & colour sequencing
- ✓ Focus & early problem-solving
